VOLUME CVII.--NO. 202. ALEXANDRIA, VA., WEDNESDAY EVENING, AUGUST 22, 1906. PRICE 2 CENTS.

OPEN PUBLICITY THE BEST GUARANTY OF MERIT.

When the maker of a medicine, sold through druggists for family use, takes his patients fully into his confidence by frankly and fearlessly publishing broadcast as well as on its bottle wrappers, a full list of all its ingredients in plain English, this action on his part is the best possible evidence that he is not afraid to have the search light of investigation turned full upon his formula and that it will bear the fullest scrutiny and the most thorough investigation. Dr. Pierce's Favorite Prescription for the cure of the weaknesses, periodical pains and functional derangements of the organs distinctly feminine, is the only medicine put up for sale through druggists for woman's special use, the maker of which is not afraid to take his patients into his full confidence by such open and honest publicity.

A glance at the published ingredients on each bottle wrapper, will show that it is made wholly from native, American, medicinal roots, that it contains no poisonous or habit-forming drugs, no narcotics and no alcohol—pure, triple-refined glycerine, of proper strength being used instead of the commonly employed alcohol, both for extracting and preserving the active medicinal properties found in the roots of the American forest plants employed. It is the only medicine for women's pecular diseases, sold by druggists, that does not contain a large percentage of alcohol, which is in the long run so harmful to woman's delicate, nervous system. Now, glycerine is perfectly harmless, and serves a valuable purpose by possessing intrinsic value all its own, and besides it enhances the curative effect of the other ingredients entering into the "Favorite Prescription."

Some of the ablest medical writers and teachers endorse these views and praise all the several ingredients of which "Favorite Prescription" is composed—recommending them for the cure of the very same diseases for which this world-famed medicine is advised. No other medicine for women has any such *professional* endorsement—worth more than any number of ordinary testimonials. If interested, send name and address to Dr. R. V. Pierce, Buffalo, N. Y., for his little book of extracts from the works of eminent medical writers and teachers, endorsing the several ingredients and telling just what Dr. Pierce's medicines are made of. It's *free* for the asking.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

WILL BECOME A CATHOLIC.

Last week a merry party of friends gathered at 1028 Thirtieth street, Washington, to witnessed the wedding ceremony of Miss Harriet E. Reynolds and Mr. Arthur F. McCauley. The guests had assembled in the parlor of the bride's home and the bride had already come down arrayed in her wedding gown, for the time set for the wedding was 4 o'clock, and the minister who was to perform the ceremony stood ready, prayer-book in hand, to commence the service. But the bridegroom had not appeared. The maiden ladies among the guests began to fidget and the bride's mother looked out of the window several times to see if the groom was approaching. The bride, however, was calm and collected and even whispered to one of her friends. "He will be here soon, for I know he loves me and wants to get married." She was right in her first surmise, for shortly after the hour named Mr. McCauley arrived, but the bride's last surmise was wrong, for the groom did not wish to be married. When he entered the parlor and saw the guests and his waiting bride-to-be his face did not wear the look of radiant expectancy and joy it should have worn. Instead of that he looked embarrassed and was exceedingly nervous.

"What is the matter, Arthur?" asked the bride-to-be tremulously. Mr. McCauley did not answer, and finally, as a hum of excitement passed over the assembled guests, he blurted out:

"I have decided not to get married, Harriet."

The bride-to-be did not faint, but she clutched the back of a chair and almost sobbed: "Why?" and tears trickled down her rosy cheeks.

"Because," was the halting answer of Mr. McCauley, "I can't become a Methodist. I am a Catholic and cannot change my faith."

A beam of happiness shot across the face of the bride-to-be and, smiling through her tears, she said:

"Why, Arthur, I'll become a Catholic if that will please you."

After a family consultation, it was decided to postpone, the wedding until Miss Reynolds could be received into the Catholic faith. Yesterday Mr. McCauley said that Miss Reynolds was now undergoing instructions prior to being received into the church, and he thought the wedding would take place on the 5th of October, and that Father Birch, of Trinity Church, would perform the ceremony.

Stranded Steamer Doomed.

The stranded steamer Manchuria, off Rabbitt Island, on the north shore of Oahu, is suffering great damage, and those at the scene of the wreck think the vessel is doomed. Four of her eight boilers have been rendered useless, repeated shocks against the reef having damaged the foundations of the boilers. The port engine also is useless on account of the breaking of its man steam pipe. The vessel is believed to be about 12 feet farther in shore than when she struck, in spite of constant tugging in the opposite direction, and she is leaking amidships.

Apparently the steamer rests amidships on a patch of hard coral, over which she rolls and pitches as on a pivot, pounding especially hard on the port side.

Every shock jars her terribly from bow to stern. Captain Saunders says the only chance to save the ship is to float her soon. It is doubtful whether there is power enough in Honolulu to do so, and aid from San Francisco is wanted.

Efforts to pull the vessel off have been abandoned for the present, but at the next high tide a great effort will be made every available steamer towing at once, while the Manchuria will use her starboard engine if still able to do so.

Red Cross to Render Aid.

The Red Cross Society has received a number of urgent requests for the inauguration of a subscription for the Chilian earthquake sufferers, many of the writers calling attention to the manner in which foreign countries offered their aid at the time of the disaster in San Francisco.

In consequence the officers of the Red Cross consulted with the State Department and have decided to issue an appeal to the country at large for contributions to the Chilians, who have, by this catastrophe, been deprived of their homes and temporarily of their means of livelihood.

The society is as yet without means of knowing exactly what conditions prevail in the stricken district or the manner of relief best adapted, but is anxious to begin the movement.

He Was in Trouble.

"I was in trouble, but found a way out of it, and I'm a happy man again, since Dr. King's New Life Pills cured me of chronic constipation," says E. W. Goodloe, 107 St. Louis St., Dallas, Tex. Guaranteed satisfactory. Price 25c at E. S. Leadbeater & Sons' drug store.

Strike of Street Car Operatives.

All the cars of the Macon Railway and Light Company were called in last night, the few motormen and conductors who remained loyal to the company finding it practically impossible to operate cars.

Hundreds of people, the strikers and their sympathizers, paraded the streets, rejoicing at the calling in of the cars. There were several small riots, a few people being injured, but not seriously.

An exploding torpedo, tied on the track by one of the strike sympathizers, hit Policeman Lavender, who was taken home in an ambulance in a serious condition. The strikers offered to leave their contentions with an arbitration committee, and the company at midnight agreed to this.

Mayor Bridges Smith will issue a proclamation calling for the regular operating of cars, in default of which he will threaten to take away the franchise.

Fully two-thirds of the people walked yesterday in preference to riding in cars. Even the baseball players refused to ride on the cars to and from the game. The company claims that it has not been given sufficient police protection. This the chief of police strenuously denies.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

WEDNESDAY EVENING, AUG. 22, 1906.

As was stated in the Gazette, revolutionists attempted to enter the city of Havana yesterday, but were put to flight after an exchange of shots. The arrest of Gen. Jose Miguel Gomez, who was a candidate for the presidency against Palma, has been ordered and his secretary is under arrest. The United States is about to reap what it sowed eight years ago when the country insisted upon taking Cuba always a veritable hornet's nest, under its tutelage. According to expressions of those high up in administration circles, no doubt exists as to the right of the United States to intervene in Cuba if it considers that the situation there imperils a stable government. The relations of the United States and Cuba in this regard are specified by the Platt amendment to the army appropriation bill of 1901. This was passed before the American government evacuated the island and turned it over to the Cubans on May 20, 1902. The section of the amendment most clearly applicable to the present situation, should it get beyond the control of President Palma, is the third, as follow:

That the government of Cuba consents that the United States may exercise the right to intervene for the protection of Cuban independence, the maintenance of a government adequate for the protection of life, property and individual liberty, and for discharging the obligations with respect to Cuba, imposed by the treaty of Paris upon the United States now to be assumed and undertaken by the government of Cuba.

Cuba has ever been restless. The island cost Spain many millions of dollars and the lives of thousands of her soldiers Revolution is chronic, and the intervals between peace and insurrection are brief. Now that it has been proclaimed an independent county, its history will doubtless be written in that of Haiti.

Mr. J. B. Henderson, who was selected by the republican convention which met in this city last week as a candidate for Congress from this district, has announced his acceptance of the proposed compliment. He, however, virtually throws up the sponge at the outset, and says that the people of the Eighth district are not ready to send a republican to Congress at this time, but that two years hence the real fight will occur. We don't know what pattern of telescope Mr. Henderson is using, but if there is the slightest indication on the political sky of any such improbable thing occuring at any time during the present generation, no one but the would-be Congressman can discern it Many transitions have taken place in the Old Dominion since the days of reconstruction, but the Eighth district has never showed variation or shadow of turning from the democratic principles which have ever animated a large majority of the voters living within its bounds. There have been attempts in years past to weaken the majority by independent candidates and other means, but the nomination of the democratic convention has always been considered equivalent to an election. And so it will continue to be, from present appearances.

District Attorney Jerome of New York in an interview yesterday, referring to Tammany Leader Murphy's utterances with regard to Hearst'a candidacy for the gubernatorial nomination, said:

The only reason for my taking an active part in politics this year is to carry on the fight of last year, which was a fight to free the people and parties from the domination of political panhandlers. Birds of a feather flock together, and when a person intellectually sterile, socially vulgar and normally obtuse insults the decent people of the State, irrespective of party, by seeking the nomination of a political party by advancing dollars and not ideas, and by methods akin of the blackmailer, no thinking man should support him. Both the democratic and republican parties have long been disgraced and dominated by men of this type controling party organization. Party organization was created originally to render effective the will of the people. The servant has become the master, and the executive machinery, controlled by small groups of selfish and usually corrupt men, has been used to deprive the people of the parties of their political freedom.

The cost of protracted strikes is sometimes enormous. At the headquarters of District No. 20, United States Mine Workers of America, in Birmingham, Ala., the statement was officially made by District President Flynn yesterday that the local unions have voted to call off the strike of miners which has been in progress at the mines of the four big furnace companies in Alabama since July 15, 1904. The strike has affected six thousand men, and has cost the miners' organization over $1,000,000.

Why is it that Norway is constantly increasing her merchant marine and built 65 steamers besides sailing vessels during the past year and yet she pays no subsidy? Is it because Norway has a tariff for revenue and the United States stands pat for protection that fosters trusts and high prices?

In the forthcoming number of the American Federationist President Gompers will publish, with editorial comment, the replies of a large number of Congressmen to the circular letter of the American Federation of Labor to inquiring as to their attitude on the questions discussed in labor's bill of grievances, which was presented to the President pro tem. of the Senate and the Speaker of the House in the last session of Congress. Mr. Glass was the only Congressman from Virginia who sent a reply to Mr. Gompers

The great earthquake in Chili, serious as it was, produced no effect whatever at Panama. Neither did that at San Francisco, so that it would seem that the Panama canal zone is safe from any seismographic disturbances affecting the Rocky Mountains in North America or the Andes in South America—the so-called backbone of the continent. Chief Engineer Stevens telegraphed today to the Isthmian Canal Commission that the earthquake at Valparaiso had not been noticed at Panama and had not even been recorded on the instruments there. He also reports an additional case of smallpox at Colon bringing the total of cases under treatment up to forty.

Minister John Hicks, at Santiago, Chili, has sent a cablegram to the State Department saying that the anxiety over the earthquake is subsiding in both Valparaiso and Santiago although at the date of sending his dispatch, yesterday, mild shocks continued to be felt. He says that the financial and business situation is serious and that there is fear of a panic. Subscriptions are being raised for the sufferers.

No late news of the Cuban revolution has been received by the legation here. The Charge expresses himself as highly gratified with the progress his government is making in suppressing the disturbing influence.

It is a mistake to assume because of the troubles between the colored troops and the citizens at Fort Brown, Brownsville, Tex, that the War Department is going to order all colored troops out of Texas. The headquarters band andthree companies of the25th Infantry are at Fort Bliss and three other companies at Fort McIntosh. Those will not be disturbed for there has been no friction on account of them at those places. The order only relates to the three companies of the 25th that have been stationed at Brownsville.

The marriage of Miss Edith Lawyer, of this city to Montgomery Schuyler, jr. of New York, consul general and first secretary of legation at Bucharest, Roumania, at noon today, was the social event of the summer. Bishop Cameron Mann, of North Dakota, a cousin of the bridegroom, officiated. The couple met in Siam two years ago.

Gen. Smith, the new governor of the Phillipines whose inauguration is scheduled to take place at Manila on September 20 was a passenger on the steamer Manchuria which is now pounding out its heart on a reef of the Hawaiian Islands. In order that he may reach Manila in time the War Department has secured passage for Gen. Smith on the transport Logan which will reach Honolulu tomorrow. A dispatch has been received from Gen. Smith dated yesterday saying that the Manchuria is still on the rocks and that her passengers would probably be transferred to the Korea.

The Ohio Railroad Commission may be one of the first complainants before the Interstate Commerce Commission under the provisions of the new Hepburn act. O. P. Gothlin, one of the members of the Ohio commission, and Howard D. Mannington, secretary of the commission, are in the city today conferring with the Interstate Commerce Commission. As a consequence they will lay before their commission the advisability of bringing a complaint against those railroads crossing Ohio which disregard the Ohio two cent law in making through rates. The railroads doing business in Ohio charge only two cents a mile on interstate travel, but they have made no reduction whatever on interstate rates. Gothlin is of the opinion that the Ohio commission can bring the proposed complaint either on request of a third party or on its own initiative.

Secretary of State Root is now on his last lap before turning the southernmost end of the continent. A dispatch was received by the State Department from him today under yesterday's date saying that he was sailing for Sandy Point in the Straits of Magellan. That point is otherwise known and marked on the maps as Punta Arenas. The dispatch as received from the cable office was dated from "Ptomilitarbaires" and both the Navy and State Departments were mystified until some bright mind suggested that it stood for Point Military Bay, otherwise known as Bahia Blanca, Argentine's military port, for which place Secretary Root left Buenos Ayres on the 19th instant.

The Director of the Mint this afternoon announced the regular weekly purchase of silver for subsidiary coinage. There were 100,000 ounces bought at 67 cents an ounce. Last week's purchase was 50,000 ounces at 66.62 cents. The silver is to be delivered at New Orleans.

Labor Troubles in Washington.

A crisis is near in the sympathetic strike affecting the Washington building trades, involving the plumbers and bricklayers. The first statement on the situation was given out yesterday by the Master Builders' Association. They state that no move has been made by the Master Builders' Association to establish "open shop" conditions, and that they do not propose to discriminate against union labor. They declare that they have taken no definite action to carry on their work, although sympathetic strikes have been occurring from one building to another for two weeks, and a large amount of work is at a standstill. The master builders assert that they have tried to have the difficulties settled in the particular trades in dispute, without interfering with all branches, by repeated conferences with the bricklayers and plumbers. They say that they have tendered their good offices to effect a compromise, but they charge the journeymen bricklayers with having inaugurated a series of sympathetic strikes, regardless of the fact that they have signed a contract with the master bricklayers not to participate in a strike against their employers.

Experts say the only thing that saved Santiago from complete ruin by the recent earthquake was the circular motion of the earthquake. The casualties are now placed at 2,000; the number of homeless people 60,000. Another severe shock was felt at Valparaiso Monday night. Slight shocks were felt at Lima and other points in Peru. The town of Quilliota, 26 miles from Valparaiso, having a population of 10,000, was completely destroyed.

The State convention of the socialist party was held in Chicago yesterday. About 600 delegates were present. The convention turned at once to the adoption of resolutions and a platform. Little Elsie Bahr, of Milwaukee, has escaped death at the expense of an amputated foot. Elsie, with her mother and sisters, was crossing the tracks of the St. Paul Road on Burleigh street, when her foot caught between the rails and the crossing in such a way it could not be released quickly. At that moment a fast freight train appeared but a short distance away. Mrs. Bahr tried to signal the train to stop, but it was going too fast. Seeing her daughter would be killed, she seized her in her arms and pulled her to one side, calmly witnessing the amputation of the child's foot by the monster engine.

W. H. Ellis, the negro colonization promoter and capitalist of New York, who became noted through his association with King Menelik of Abyssinia, occupied a Pullman car yesterday on his trip through Texas on his way to New York from Mexico in defiance of the law of Texas. A report published yesterday in Richmond that Gen. Scott Shipp has tendered his resignation to Governor Swanson as superintendent of the Virginia Military Institute is without foundation. This contradiction is made on the authority of General Shipp himself. The board of visitors of the Virginia Military Institute will meet in Lexington next Monday to look after extensive improvements now in progress and to transact other business incident to the opening of the school the 1st of September. It is probable that General Shipp will offer his resignation at that time, but should this be done action in the matter would be postponed until the meeting next June.

Today's Telegraphic News

THE CUBAN REVOLUTION.

Havana, Cuba, Aug. 22.—A crisis in the revolutionary movement is expected at Pinar del Rio within the next forty eight hours.

The rebels, numbering probably 900 men, are concentrating on the city, hoping to capture it and make the city their headquarters. The government, on the other hand, is hurrying reinforcements there with all possible speed. That a conflict is imminent is generally admitted. The threatened cabinet crisis has added to the burdens of the government. Jealousies among the cabinet members have caused friction and the retirement of several of the ministers is expected. Every effort is being made to patch up the differences, however, and the government authorities refuse to admit there has been any trouble in the cabinet.

The greatest danger to the government is threatened at Pinar del Rio. Pinar Guerrera is camped within three miles of the city and may march upon the place at any moment. Revolutionists boasted that the city would be taken last night, but no report has been received of any movement against the town.

The position of the government is growing more serious all the time. It is generally admitted that President Palma must act quickly in crushing the revolution, or the insurgents will be able to entrench themselves too strongly in the mountains of Pinar del Rio province for the government forces to rout them.

To add to the troubles of the government, uprisings and insurgent bands are reported in Havana, Matanzas and Santa Clara provinces. The dissatisfaction with the government is widespread, and recruits are flocking to the rebel leaders.

Havana, Aug. 22.—The rebels are reported to have scored their first victory shortly before daylight this morning when a force under Pino Guerrera attacked the government outposts at Pinar del Rio and drove them back toward the city. The insurgents did not follow up their advantage, as they are reported to be awaiting reinforcements, but a concentrated attack on the small force of loyal troops at Pinar del Rio is expected at any hour. Aid is being rushed the government forces from Havana.

The men who are now leading the revolutionists are the men who led the Cubans against Spain.

With Guerrera's band is ex Governor Luis Perez, of Pinar del Rio province, and a Catholic priest, Rev Juan Marrinez, who has great influence with Guerrera's followers. The presence of these men in the rebel camp is drawing men throughout the province to Guerrera's standard.

The revolutionists are well armed and they are supplied with dynamite. Seventy men working on the government road at Pazo Real joined the insurrection yesterday and took with them a quantity of dynamite and fuses. What use the rebels will make of the explosive remains to be seen.

CONDITIONS IN CHILI.

London, Aug. 22.—A recurrence of large fires at Valparaiso, Chili, is announced in a private message received by Huth & Company, today.

No intimation is given in the message of the extent of the fires or how much additional damage has been wrought by the flames in the city which suffered so heavily in the earthquake and subsequent conflagrations of last Thursday. The dispatch adds that the earthquake shocks continue

Valparaiso, Aug. 22 —More complete reports are now being received in regard to the damage done by the great earthquake which shook Chili last Thursday night, and these tend to reduce the first estimates of the loss.

It is now believed that $50,000,000 or $60,000,000 will cover the entire loss. Two thousand is still given as the number of deaths caused by the disaster. The provinces of Valparaiso and Aconcagua suffered the most severely.

The greater part of the financial loss was sustained by the city of Valparaiso. The fires which broke out following the earthquake and raged unchecked for several days, were responsible for much of the destruction of property.

Today the city is much more calm, and the people are more hopeful. Work of clearing away the debris has been commenced in some quarters. All dwellings which are safe will be fitted out for the occupancy of the homeless as rapidly as possible. Fugitives who fled to the hills for safety continue to flock back to the city and the growing number adds to the responsibility of the authorities in caring for the victims of the disaster. It is estimated that 60,000 persons are dependent on the relief bureaus and are without homes.

Fully one hundred ghouls and robbers caught looting and plundering have been shot. In many cases the offenders were publicly executed. For the most part the robbers were convicts released from the prisons when the buildings collapsed in the earthquake.

Terrible Fate of a Little Girl.

Reading, Aug. 22—A joke intended to frighten her sister and a friend caused the death by hanging of Rebecca Pollock, 12 years old, in the cellar of her mother's home, on the Kutztown road, near Alsace church, Monday. Mrs. Freeman came to Reading Monday to purchase necessaries for a Sunday school picnic to which the family was going today. She left Rebecca at home with her younger sister and Mary Weidenheimer, a playmate. When the mother returned she found the two younger girls speechless with fright and Rebecca nowhere to be found. Her body was finally discovered in the cellar hanging by a clotheslines in a sitting position, from the railing of the stairs. It is believed the girl intended to freighten her companions by pretending to hang herself and that she slipped as she was adjusting the noose, being slowly strangled to death, while the other girls played upstairs, wondering where she was.

The United States and Cuba.

Oyster Bay, N. Y., Aug. 22.—Notwithstanding the apparent seriousness of the trouble in Cuba, the President has received no official communications on the matter from the State Department at Washington. It is said that the United States has no intention of rushing pell mell into any comic opera revolution. Cuba will be left to fight her own salvation unless American interests suffer sufficiently to cause them to appeal to this government for aid.

Columbus, Ohio, Aug. 22.—The democratic State Convention endorses Mr. Wm. J. Bryan as follows:

"It is with feelings of pride that the half-million democrats of Ohio, note the preparations making to receive the most distinguished private citizen of America upon his return from a tour of foreign lands. His intellectual endowments, his purity of morals, and his high ideals have arrested the attention and compel the admiration of the people of all climes. He returns to the United States splendidly equipped to grapple with the great problems of the United States. The Ohio democracy renews its allegiance to his brilliant and matchless leadership. No other name appeals to us for Presidential preferment. We cordially endorse our great Commoner, William J. Bryan, for the democratic nomination for the Presidency in 1908 and impatiently await the summons to battle under his banner."

State Chairman Garber and Tom L. Johnson have won and they have lost. In the organization of the State committee yesterday, Garber defeated Johnson. Today on the temperance issues Garber, through State Secretary Finley, was defeated by the forces which sided with Johnson. Johnson apposed a severe prohibition plan in the platform.

A policeman was just across the street, and when she first screamed he ran into the house. He reached the door just as the man emerged from under the bed and made a dash to get out. Atlanta, Ga., Aug. 22.—The white democratic primary of Georgia is on today, under the most auspicions circumstances possible for the full polling strength of the State. The sun is shining brightly throughout Georgia, crops are in bad condition, and farmers are taking a great interest in the campaign. The governor's race is being contested by Clark Howell, national committeeman, editor of the Consititution, and Hoke Smith, ex-secretary of the interior, under President Cleveland; J. H. Estill, editor of the Savannah News; Jim Smith, "millionaire farmer," and Richard B. Russell. The Gans-Nelson Fight.

Goldfield, Nevada, Aug. 22.—All fears that the Gans-Nelson mill might be faked are being gradually dissipated and interest in the contest is becoming keen. Joe Gans has made a big hit by turning over his share of the purse, $10,000, to be wagered on himself at odds of 10 to 8. Much of the money has already been placed. If the Baltimore negro loses there will not be a single cent for him. Gans is cock sure that he will win. He has been examined by a physician and found to be in fine condition. Battling Nelson is now working out with two sparring partners. Bobbie Lundie has arrived here from Seattle, and with Johnny Reid, the battler is given plenty of lively boxing. Nelson is fast approaching his best condition.

Fatal Affray.

Buffalo, N. Y., Aug. 22.—Two men are dead and two will probably die within the next twenty-four hours as the result of a desperate fight with stilettoes between five Sicilians here late last night. Two brothers were matched against three brothers. Frank Sardinia, one of the three Sardinia brothers, was killed on the scene of battle. His abdomen was penetrated five times. Raphael Balsitrie, who tried to act as peacemaker, was stabbed in the abdomen and back. He died at the Emergency Hospital. Dominico Garaci and Bernado Geraci, who are alleged to have done the stabbing which resulted in the death of Sardinia and Balistrie, are in a serious condition. They are charged with murder.

Suits Against Actress-Bride.

New York, Aug. 22.—Mrs. Leslie Carter Payne, the actress bride, was today served with a dispossess notice at her town apartment, No. 36 West Fifty-ninth street, at the instigation of her recent bosom friend, Miss Norma Munroe, daughter of the late millionaire publisher, Norman Munroe. Mrs. Carter Payne has also been sued for $1,593 back rent with interest to August 1, 1906, in an action brought by Henrietta E. Munroe, mother of Norma Munroe, and executrix of the Munroe estate, Henry Bogart Clark, attorney for the Munro family, promises other suits and sensations in the just begun Carter-Payne-Munroe feud.

To Join Cuban Revolutionists.

Mexico City, Mex., Aug. 22.—Mexican central revolutionists are said to be preparing to go to Cuba to join the revolutionists. Part of the plan has been arranged previously. If the revolution in Guatemala succeeded the revolutionists were to help the Cubans overthrow the present government. The Cuban revolution has been in preparation for several months past. New York backers of Guatemala revolutionists are backing the Cubans. Both parties had representatives in all the Spanish American countries.

Killed by Soldiers.

Warsaw, Poland, Aug. 22.—Two citizens were shot down and killed in the streets today, by soldiers, who fired a volley indiscriminately into the crowd of passers by.

An unknown man attempted to assinate Col. Count Fermer, commanding the gendarmes by firing at him with a revolver. The Colonel was wounded. The troops immediately fired at volley with the result stated.

Municipal Ownership of Saloons.

Bridgeport, Conn., Aug. 22—Colonel Timothy J. Murphy, a well-known member of the Connecticut Liquor Dealers' Association, has announced his candidacy for Senator from the 21st Senatorial District in this city. Colonel Murphy is a democrat. He says: "I shall work for the municipal ownership of the water works, a three-cent trolley fare, free recreation grounds, an eight-hour day and direct representation. I do not favor any reduction in the price of whisky It ought to be raised to fifteen cents if the saloonkeeper can get it, and I am opposed to lowering the price of beer to three cents. I do not favor an eight-hour day for the bartender on Sunday. I believe in the municipal ownership of saloons."

Accident to American Tourists.

Edinburg, Scotland, Aug. 22.—A party of American tourists were the victims of a serious accident today, while driving down the picturesque Glenshoe. At least one of the party a Mrs. Van Norden, of New York is seriously injured and it is feared she will die. The horses drawing the coach in which the party was making the trip, bolted near Blair Gowrie, and the tourists were thrown out. Mrs. Van Norden, is the most seriously injured.

New York Stock Market.

New York, Aug. 22.—The principal topic of gossip on the floor of the exchange today is the great Northern ore deal. Houses that have been heavy buyers of Hill and Harriman stocks and also of the Steel shares, say that an announcement in regard to the ore contract is very close on hand, and may be made today. London today sold 60,000 to 70,000 shares and commission houses were heavy sellers of the list. The supply and pressure from these houses caused early declines ranging from small fractions to a point, but after the first few minutes there was quiet but persistent buying all around the room. The volume of business in the first hour fell off again.

Elephant Hunt in the County.

An exciting elephant hunt began early yesterday morning and was still on last night. Barlow's four elephants which were taken to Luna Park last Sunday from Coney Island stampeded at 7:30 o'clock yesterday morning, bolted from their enclosure, completely wrecking it, and, after damaging the ice-cream parlor and dining hall, dashed their way through the southern gate toward the swamps of Four-Mile run. One of them, "Annie," was recaptured an hour later and is tied safely to the base of the shutes. "Tom," the comedian elephant, and the other two females, "Jennie" and "Queenie," took to the woods. They were surrounded twice but escaped each time, and at 8 o'clock last night had been got together near a farmhouse in Virginia, 20 miles from Washington, but had not been captured. While this report was being received one of the severest electrical storms of the summer was in progress. Barlow announces that he will give a reward of $500 for the capture of either of these elephants. The escape of the elephants caused a number of amusing incidents. The animals were encountred by residents of the county whose horses were frightened by the beasts. The elephants, it is said, were recaptured today.

Movements of Naval Vessels.

The cruiser Des Moines and the monitor Florida of the Naval Academy training squadron, which have been at the Washington navy yard for the past few days, left the yard yesterday and went down the river as far as Indian Head. They will remain there for a day or two while the cadets aboard them are looking over the proving grounds and witnessing the tests of the big naval guns.

The United States naval monitor Arkansas, with a party of midshipmen aboard, is anchored in the river off the naval proving grounds at Indian Head.

The cruisers Newark, Cleveland and Denver are reported to be in the lower river, and may also come up to Indian Head. A large fleet of torpedo boats is reported at anchor in the lower part of Chesapeake bay. These vessels will all sail in a few days for New London to take part in the big review.

The Florida came up the river late Saturday evening and joined the cruiser Des Moines at the Washington navy yard.

Departure of the Firemen.

The three volunteer fire companies of this city left this morning at 8:20 o'clock on a Washington Southern train for Richmond to attend the annual convention and tournament of the Virginia State Firemen's Association which began there today. A number of ladies accompanied the firemen. Several of the veterans of Washington in uniform met the firemen at the depot and accompanied the Alexandria companies, and a number of Alexandrians, not members of the firemen's organizations, also went with them. Friends of the members of the companies were at the union depot to see them off. The Alexandrians were headed by 25 pieces of the Naval Gun Factory Band, of Washington. The Relief Hook and Ladder Company was under command of Assistant Foreman John Webster, the Reliance under Capt. Arthur Grimes and the Columbia was headed by Capt. Frank Pettit. The new and beautiful banner of the Columbia company was greatly admired.

Birthday Party.

Miss Leona Sullivan handsomely entertained a number of her friends last evening at her home on Prince street, the occasion being in honor of her eighteenth birthday. The parlors were beautifully decorated in pink carnations, pink roses and ferns. The pink and green color scheme was carried out in the dining room, which added very much to the attractiveness of the house. Miss Sullivan entertained the guests by all playing bridge whist and many other attractive games. There were many piano solos rendered by different guests. Miss Sullivan was handsomely dressed in a coming-out-gown of pink mousseline de soie over pink taffeta. After a most enjoyable evening the guests all adjourned to the dining room where a most sumptuous supper was served.

In addition to the regular programme by Philippini's Spanish Band, Senorita Garcia, a Spanish contralto of excellent voice and wide range, will be heard in several tuneful ballads. Their final act tomorrow will be a ragtime concert played by them.

By special arrangement a Maccabee ticket of admission for 10cts has three coupons attached, good for admission to Tours of the World, Scenic River and Chateau Alfonso. All amusements will be free to children from 1 to 6 p. m.

In his letter of acceptance, Mr. Henderson thanks the notification committee for the honor, states that he feels honored in the confidence that has been placed in him, and that he will endeavor to cause no regrets. He thinks that the real fight for success at the polls will be two years from now, and that his district is not yet ready to send a republican to Congress. Trouble with Negroes.

Another outbreak occurred in Seaford, Del., early yesterday morning, when a gang of 20 or 30 negroes attacked the homes of William Prettyman, James Thomas and William Lovesll and demanded admission. Being refused, they riddled the front doors with bullets, afterward breaking into the houses. All the occupants escaped unhurt, although several bullets passed through their clothing. They were compelled to seek shelter in cornfields until yesterday morning. Since Saturday night's riot hundreds of strange negroes have gone to Seaford and white persons have to walk out of their way. Yesterday evening one negro, James Neary, of Norfolk, demanded $5 change from a merchant, and, not getting it, abused him. Upon being arrested, two revolvers, two razors and a blackjack were found on his person. The president pro tem. of the Town Council, Stansbury E. Parson, it is said, made the statement that the negroes should carry weapons to protect themselves. As a result one merchant has sold every firearm he had in stock. The Chief of Police Arthur Marvel has resigned and the town is without protection. The canning factories employ several hundred negro women to skin tomatoes, and, with their knives, they march up the aisles, not giving the white women room to pass. The situation is serious. The Town Council will be compelled to put on a large force of policemen to avert serious trouble Saturday night, when the negroes are paid off.

A race riot, wherein a maddened mob of 2,000 whites and blacks of both sexes fought with canoe paddles seized from souvenir stalls, umbrellas, canes and which ended in a victory for the whites, is told of by several of the 800 representatives of the "Social Six" from Detroit, who returned from the melee at Put-In-Bay, Ohio, Monday evening with bandaged heads and limbs.

The affray started, it is said, when two negroes, in a spirit of mischief, snatched two leather souvenirs from a stall at Put-In-Bay where the branches of the "Social Six" from Detroit, Cleveland, Sandusky and Toledo were enjoying an outing. The offenders, whose names are withheld, trampled the souvenirs in the dirt and when officers tried to arrest them in a saloon the riot was precipitated. The whites secured reinforcements by ringing all the fire-alarm bells. An effort is being made to suppress news of the riot.

Divorce Granted.

Emory W. McDaniel has entered divorce proceedings in Baltimore against his wife, Ada W. McDaniel, which terminated yesterday in him being granted an absolute divorce on the charge of desertion.

The McDaniels were married June 12, 1898, in Marshall, Va., the home of Mrs. McDaniel. All went well as long as he continued to live in the land of the Old Dominion, but finally Mr. McDaniel's business interests took him to Baltimore, and then there was a jangle of the sweet bells of wedded bliss.

Mrs. McDaniel wanted to remain in Virginia. She told her husband that he could go, but she would not follow him, and she kept her word. She took the youngest child, Emory, aged four, and continued to abide in Marshall. He kept the eldest child, Agnew, aged six, and continued to reside in Baltimore.

Mr. McDaniel testified that he did everything on his part to persuade his wife to live with him, but that she persistently refused. He said he wrote to her repeatedly and had interviews with her, but each time her answer was "No."

The final separation took place April 14, 1903.

Whipped by Whitecappers.

At a late hour Monday night George Wooten, well known throughout Brown county, Ind., was unmercifully whipped by a gang of whitecappers because he had defended his father's religious belief at a gospel meeting by taking the minister by the throat and soundly boxing his ears. Wooten has but one leg, and he is commonly known as "Peg-leg." He is somewhat recklessly inclined, and until this attack feared no man, big or little. "Peg-leg" was staying with his brother, William Wooten, in Johnson township, and he has this to say of his experiences with the whitecappers:

"I was at a pentecost meeting at Crooked Creek schoolhouse. The preacher was a young man named Clyde Springer, and when I heard him say in his sermon that there was nobody in Hades but Newlites and Humpbacked Campbellites I objected and took him by the neck and gave him a good cuffing. My father was a Campbellite, and I could not sit by and hear my preacher say such stuff. I believe the whitecaps whipped me for cuffing the preacher."

Why does the sun burn? Why does a mosquito sting? Why do we feel unhappy in the Good Old Summer Time? Answer: we don't. We use DeWitt's Witch Hazel Salve, and these little ills don't bother us. Learn to look for the name on the box to get the genuine. Sold by W. F. Creighton & Co., 401 King street.

DIED.

On Wednesday morning, August 22, 1906, at 5 o'clock, Mrs. SARAH ANN DIX. The funeral will take place from her late home, 321 north Pitt street, Friday evening at 5 o'clock. Friends and relatives invited to attend.—[Washington and Millville, N. J., papers please copy.

IN MEMORIAM.

In sad, but loving remembrance of my dear husband and father, HAVEN HUNTINGTON, who departed this life August 22 1896—ten years ago today.

God has taken the loved one from our home,
But never from our hearts;
We miss thee from our home,
We miss thy loving voice.
A shadow over our lives is cast,
We miss thy kindly face.
Yet again we hope to meet thee
When this life of toil is past,
And in Heaven with joy to greet thee
Where no farewell tears are shed.

SULLIVAN VICTORIOUS.

By a vote of 1,088 to 570 the democratic convention in Peoria, Ill., yesterday placed upon the table the request of Mr. Wm. J. Bryan for the resignation of Mr. Roger Sullivan from the national committee. Despite the fact that Mr. Bryan had declared that he did not wish to be indorsed unless Sullivan was repudiated, the convention declared him to be the one and only man capable of leading the democratic party to victory in 1908.

The indorsement of Bryan and the tabling of the motion calling for the resignation of Mr. Sullivan came at the close of a most exciting session of the convention, in which there were several fights and throughout which confusion reigned supreme. The committee on resolutions declined to report a plank calling for the resignation of Sullivan, and the vote followed upon a motion made in the convention by Judge Owen Thompson, of Jacksonville, calling for Sullivan's resignation.

It had been agreed that each side should have 45 minutes in which to present its side of the case, and Judge Thompson was the first advocate of the cause of Mr. Bryan. He aroused the hostility of Sullivan's friends by the unsparing manner in which he dwelt upon the last democratic convention at Springfield.

He strode up and down the platform, his face white with wrath and his form shaking with the intensity of his feelings. His caustic criticisms finally lost him the ear of the convention, and he might never have been able to conclude his speech if Sullivan had not personally requested quiet.

Sullivan, who followed Thompson, and who was the first speaker in his own behalf, declared that the ear of Mr. Bryan had been poisoned against him and that the demand for his resignation sprang from his personal enemies.

Wild cheers followed Sullivan's remarks, and when his voice could be heard Judge Thompson said:

"Mr Sullivan having given his orders, I hope we may now continue in quiet."

Hisses and cat calls greeted this remark and Judge Thompson repeated it with deliberation, emphasizing the word "order." He was again hissed by the convention the cheers of his friends mingling freely in the uproar. The speaker closed his address by an earnest appeal to the delegates not to turn down Mr. Bryan.

Sullivan arose and said: "You have witnessed the spectacle on this platform of an individual to gratify his personal grudge, dragging it into this convention. He came here to gratify his spleen, hatred and malice against me.

"You're a liar," came from the Dupage delegation. Instantly a Sullivan delegate sprang for the speaker, and it took half a dozen policeman to stop the fight.

Order was finally restored, and just as Sullivan commenced to speak two men, clutching each other by the throat, staggered through the door on the opposite side of the hall. They cuffed each other without mercy, and it took a platoon of police to drag them out of the hall and put them on the sidewalk, where they started the second round.

Sullivan concluded his speech by declaring that he wished to make no trouble, and if he was not wanted as national committeeman, the matter could be adjusted two years from now.

Other speakers followed and endeavored to restore harmony.

The final result showed for placing the motion on the table, 1,088; against the motion to table, 570; not voting, 51. The convention then adjourned.

Fatal Shooting Affray.

One man was killed and another wounded in a shooting affray which occurred at Jarratts, Sussex county, Monday night. The participants in the fight were J. P. Matthews and Frank Johnston, both well known in that neighborhood. Eight or ten shots were exchanged by the men, and Matthews died within a few hours as a result of a wound in the abdomen. Johnston was shot in the ankle.

The two men had been on very intimate terms until a few months ago, when on one occasion they exchanged bitter words, Matthews accusing Johnston of being too intimate with his wife and threatening to kill him if he came to his house again. About this time Matthews and his wife separated and have not lived together since.

There has been bitter feeling between the men, and Monday they met near Jarratts station, Johnston claiming that Matthews cursed him. He struck Matthews in the face with his fist, whereupon Matthews fired several shots and Johnston returned them with deadly effect.

WEDNESDAY EVENING, AUG. 22, 1906.

Ready For a Test.

"Do you think that absence really makes the heart grow fonder?" inquired the young man who was not a particularly welcome caller.

"I have never given the matter much consideration," was the young lady's response. "Suppose you stay away for five or six years and we'll see."—Pittsburg Post.

Wisdom and honor are the avenues to a happy immortality.—Plato.

A Clever Wife.

Friend—Didn't your husband rave when you showed him the dressmaker's bill? Wife—Rather. Friend—And how did you quiet him? Wife—I showed him the milliner's account, and then he became simply speechless.

Got Acquainted.

Jones—I suppose you know more about that horse you got of Deacon Smith last week than when you made the trade? Brown—Yes, and I know a lot more about Deacon Smith now than I did then.

To him that has no employment life in a little while will have no novelty, and when novelty is laid in the grave the funeral of comfort will soon follow.—Anon.

In His Enthusiasm.

Judge (to prisoner)—Why did you take only the money and leave the basket of silver? Prisoner—Because it was too heavy. Judge (excitedly)—Aren't you ashamed of yourself, you lazy man?—Fliegende Blatter.

An Appraisement.

Marian—Now, there is Algy Van Pitfleglider, for instance— Jane—Oh, he is so haughtily statuesque that I have often wondered if he can really be ticklish on the bottoms of his feet like common people.—Watson's Magazine.

To be respectable implies a multitude of little observances from the strict keeping of Sunday down to the careful tying of a cravat.—Victor Hugo.

Same Thing.

"Rimer takes himself very seriously, doesn't he?"

"Yes, indeed."

"Most of his poetry is pathetic, isn't it?"

"That's what he calls it, but the editors say it's pitiful."—Boston Advertiser.

Impatience.

Impatience turns an ague into a fever, a fever to the plague, fear into despair, anger into rage, loss into madness and sorrow to amazement.—Jeremy Taylor.

The best education in the world is that got by struggling to make a living.—Wendell Phillips.

Familiar With His Habits.

First Disconsolate Widow—Are you going to the medium's tonight to see if you can get a message from your husband? Second Disconsolate Widow—No, it isn't any use tonight. Saturday night was always the night when he went off to spend his salary.—Somerville Journal.

Had Noticed It.

Church—Did you know that pigs were afraid of water?

Gotham—Well, I noticed today on a car, when it began to rain, all the end seat hogs got up in the middle of the car.—Yonkers Statesman.

Giving Him Hope.

The pretty girl was lavishing a wealth of affection on her mastiff, and the very soft young man was watching her.

"I wish I were a dog," he said, languishingly.

"Don't you worry," she replied. "You'll grow."—London Tit-Bits.

Neither evidence nor common sense nor reason has the slightest effect upon prejudices.—Goethe.

Would Be More Careful.

Heavy Father (violently)—Now, see here, Molly, don't let me catch you and young Dovecot flirting together in the conservatory again. Guileless Daughter (demurely)—No, father, you shan't.—Bystander.

Greatness is to take the common things of life and walk truly among them.—Schreiner.

Lots of Care.

"You know, George," she was explaining, "I was brought up without any care."

"Marry me, my darling," said George, "and you shall have nothing but care."

No Nonsense About Her.

Skidds—Did she say it was so sudden when you asked her to marry you? Askin—Of course she didn't. She was a widow.

Had Her Guessing.

Margie—I wonder if Mr. Smartly meant to give me a left handed compliment? Rita—Why? Margie—He said these artificial flowers I am wearing just match my hair.

Discontent is the want of self reliance. It is infirmity of will.—Emerson.

Always Speaking.

Mrs. Jones—I always think twice before I speak once, John. Mr. Jones (sighing)—Exactly, Maria. But you're such a quick thinker.

A Healing Gospel.

The Rev. J. C. Warren, pastor of Sharon Baptist Church, Belair, Ga., says of Electric Bitters: "It's a Godsend to mankind. It cured me of lame back, stiff joints, and complete physical collapse. I was so weak it took me half an hour to walk a mile. Two bottles of Electric Bitters have made me so strong I have just walked three miles in 50 minutes and feel like walking three more. It's made a new man of me." Greatest remedy for weakness and all Stomach, Liver and Kidney complaints. Sold under guarantee at E. S. Leadbeater & Sons' drug store. Price only 50c.

Prof. Tyler, of Amherst college, said recently: "A man can live comfortably without brains; no man ever existed without a digestive system. The dyspeptic has neither faith, hope or charity." Day by day people realize the importance of caring for their digestion; realize the need of the use of a little corrective after overeating. A corrective like Kodol For Dyspepsia. It digests what you eat. Sold by W. F. Creighton & Co., 401 Kingstreet.
